GENUINE MERIT

The merit of our goods has built the reputation of this store for nearly 40 years—the merit of the goods we are selling to-day causes this to be the most widely known and fastest growing store in FRANKFORT. . . .

MERIT

—IN—

Overcoats and Suits.

MERIT

—IN—

Shoes.

MERIT

—IN—

Underwear and Hosiery.

WHEN we buy our Clothing, it is not sufficient that it should merely be made of a good piece of cloth. The outside of a coat is really the least important part of it. It is the linings, the sewing, and the interior parts of the coat that make it wear and hold its shape and these are the things we see to, that are right in our clothing. And that is why clothing bought here wears longer than the ordinary kind. Clothing of merit "here" costs from \$7.50 to \$25.00. It is all good.

WHAT we said of clothing applies equally to Shoes. Many a shoe is good to look at on the outside which when put to the test of wearing is absolutely worthless. Now, when we buy shoes we make certain that not only is the outside of the shoe of good leather, but also that the insoles and counters are made of leather and not leather board. And that is why the shoes bought of this store wear longer than the usual kind. You don't hear of McClure's shoes coming to pieces the first time they are out in the wet. Men's and women's shoes of merit cost "here" from \$1.50 to \$5.00.

NO seconds have a place in this store. The ordinary buyer finds it hard to tell a second in Hosiery and Underwear, from the best—in looks. But, when you get down to the wearing qualities there is a great difference and no seconds are to be found here. Underwear of merit from \$1.00 to \$3.50 a suit; Hosiery of merit from 10 cents to 50c a pair.

COME AND TAKE A LOOK THROUGH OUR LARGE STORE.

IT PAYS TO BUY GOODS OF MERIT.

PRETTY AND POPULAR WOOD-FORD COUNTY LADY DEAD.

We were greatly saddened, on Tuesday, when we learned that Mrs. Jane Nuckols Harris, wife of Attorney Charles M. Harris, of Versailles, had died that morning of appendicitis.

We knew Mrs. Harris well when a young girl. She was a pretty, bright, vivacious and popular young lady—warm-hearted and true—in all the relations of life.

She was the third daughter of Mr. Chas. and Mrs. Bettie Hurst Nuckols. A few years ago she was married to Mr. Chas. M. Harris, a prominent and rising young lawyer, and their married life was an ideal one.

About a week ago that dread disease, appendicitis, developed, complicated with other troubles, and, although an operation was performed by a skilled surgeon, she sank steadily until the end.

We desire to tender to the desolate young husband and sorely stricken parents the deepest sympathy of a sincere friend.

Energy all gone? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

SERIOUS WRECK.

The first serious wreck which has befallen the Frankfort & Cincinnati Railway for some time occurred on Monday afternoon at Tackett's Grove, about eight miles from this city. Five freight cars were derailed and overturned, inflicting heavy damage.

A wrecking train was sent to the scene and kept at work until the track was cleared, which was about 2 o'clock p. m. on Tuesday. Luckily there was no one hurt.

TWENTY-SEVENTH CALL.

In these days of short pastorates and repeated changes it is refreshing to know that Rev. George Darsie was called for the 27th time to the pastorate of the Christian Church of this city on Sunday last. Mr. Darsie has served long, faithfully and efficiently. May he remain in his present field many years to come.

REAL ESTATE TRANSFERS.

Capt. B. C. Milam has purchased a brick store room on West Mero street, from Mr. Harry J. Baker, for \$1,500.

SOMETHING NICE.

This society has pledged itself to raise a certain amount to defray a part of the expenses of improving their church, and they ask their friends to come and see them. Prices will be very reasonable and everything sold first-class.

A UNIQUE AFFAIR.

The ladies of Buck Run Baptist Church, at the Forks of Elkhorn, will give a Box Supper, in the schoolhouse in that place, on Saturday, Nov. 28. It will be for the benefit of the Church. Young men, if you wish to see some of the prettiest and sweetest girls in this county, and, at the same time, enjoy a pleasant evening, go to this supper.

GERMAN SYRUP.

We want to impress on our readers that Boschee's German Syrup is positively the only preparation on the market that does relief and cure consumption. It contains the specific, such as pure tar, extracts of gums, etc., which have been so highly endorsed for the cure of coughs, colds and consumption by the great medical congresses. The consumptive, whether his disease is in the throat or lungs, must have rest at night, and be free from the spasm of dry and racking cough in the morning. The diseased parts want rest, healing and soothing treatment, and the patient needs fresh air, good food, etc. German Syrup will give free and easy expectoration in the morning with speedy and permanent relief. Small bottles, 25 cents; regular size, containing nearly four times as much, 75 cents. At all drug sts.

GEO. A. LEWIS, Editor and Pub.

FRANKFORT, NOV. 21, 1903.

FORMER FRANKFORT LADY'S MISFORTUNE.

About 7 o'clock on Monday morning, the residence of Mrs. Lucy Garrard Stoll, widow of Hon. Albert A. Stoll, No. 1041 Fifth street, Louisville, was found to be on fire in a rear room of the second floor. An alarm was turned in, but the flames had made considerable headway before the firemen reached the house. It took but a short time to obtain control of the blaze.

Mrs. Stoll and her daughter were asleep when the fire was discovered. Her son, Mr. A. A. Stoll, Jr., had gone to his business in the office of the L. & N. railroad.

Mrs. Stoll had not been in good health for some time and was prostrated by the alarm and consequent excitement. The coolness and bravery of her daughter, Miss Ruth Stoll, saved Mrs. Stoll from a horrible death. So serious was her condition that she was taken to St. Elizabeth's Hospital, where her brother-in-law, Dr. Wm. Cheatham, applied proper treatment.

Mrs. Stoll is a sister of Mrs. Guy Bartlett, of this city, and Mrs. Wm. Cheatham, of Louisville, and was the daughter of the late Col. James H. Garrard.

The damage to the house and furniture was pretty heavy, amounting to some \$2,000.

MORE THUNDERSTORMS.

We had the privilege of enjoying another thunderstorm on Monday morning, from 4 to 5 o'clock. The flashes of lightning were very vivid and the crashes of thunder awakened everybody. They were followed by several hard showers of rain. The weather on Sunday and Monday was abnormally warm and close.

Again on Monday night we were visited by an electric storm which continued until 9 o'clock p. m. From that time until about 4 o'clock Tuesday morning the rain fell in torrents and the wind blew heavily. Then the wind veered to the north and the rain ceased. It did not become anything like so cold as it was predicted it would be.

DELIGHTFUL ENTERTAINMENT AHEAD.

The Ladies Guild of Ascension Episcopal Church, will give a Doll and Apron Sale and Supper on Thursday evening, December 3, from 6 to 10 o'clock, in the Parish House.

Everything dainty and nice in the way of refreshments will be served and pretty and useful articles will be on sale, suitable for holiday presents.

Let everybody attend.

Hives are a terrible torment to the little folks, and to some older ones. Easily cured. Dean's Ointment never fails. Instant relief permanent cure. At any drug store, 50 cents.

WONDERFUL IMPROVEMENT.

We were shown, on Saturday last, the latest and most wonderfully improved shot gun. It is known as the Browning. It weighs 7½ pounds and is a magazine gun of six shots. The wonderful part is that, in shooting, all that is required is to pull the trigger continuously, when the empty shell is automatically discharged and the gun reloaded. Mr. John C. Martin is the agent for the sale of these guns. They retail at \$27.50 and will displace every kind of shot-gun. The rebound from discharge is but slight.

MADE YOUNG AGAIN.

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens again,'" writes Pa. H. Turner of Duncansville, Pa. They're the best in the world for Liver, Stomach and Bowels. Purely vegetable. Never gripe. Only 25c at all druggists.

MONEY INVESTED IN PRINTING.

The average capital of those engaged in the printing business is \$12,574; the average value of their products is \$14,568. These figures compared with those of a previous year show that in a period of ten years an increased capital is required to produce the same or even a smaller value of products; this is largely caused by an increase in wages and a decrease in working hours. In 1851 a compositor in New York received \$9 per week; ordinary job compositors now receive \$19.50 per week, and operators on machines from \$21 to \$27, depending on the time of day or night they take their shift. In the opinion of many large operators, the number of wage-earners has actually increased rather than diminished. The introduction of machine composition has been of decided benefit to the employee, offering a new field for endeavor. There are few unemployed men in the printing trade, as is shown by the fact that when in 1890 the Typographical Union was called upon to supply 150 men for a special job of city printing, only 100 could be obtained, and these with difficulty. — From Scientific American's Special Number on "Modern Aids to Printing."

PERFECTLY BEAUTIFUL.

We are under obligations to our friend, Mr. W. H. Watts, of the Prudential Life Insurance Co., for a copy of the beautiful new Calendar, which his company is sending out to its friends and customers. It is a beautiful souvenir. It is entitled "The Prudential Girl, 1904." It represents a lovely young girl in a very attractive pose.

CURED OF PILES AFTER 40 YEARS.

Mr. C. Hancey, of Geneva, O., had the piles for 40 years. Doctors and dollars could do him no lasting good. Dr. Witt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, hemorrhoids, eczema, tetter, salt rheum, and all other skin diseases. Look for the name, Dr. Witt, on the package—all others are cheap, worthless counterfeits. Sold by J. W. Gayle.

Badly

Shattered Nerves and Weak Heart.

Too Nervous to Sleep or Rest.

Dr. Miles' Heart Cure and Nerve Cured Me.

A shattered nervous system nearly always leads to some affection of the heart, especially where the patient's heart is weak from hereditary or other causes. Dr. Miles' Heart Cure is not only a great heart regulator, but it is a blood tonic which specially corrects and purifies the heart's action, enriches the blood and improves the circulation. It will build you up just as it did Mr. Crawford, whose letter follows, and greatly improve your general health:

"I have been so greatly benefited by Dr. Miles' Nerve and Heart Cure that I freely recommend them as the best remedies for the diseases they are recommended to cure. When I began taking these medicines, I weighed scarcely 100 pounds, my nerves were badly shattered and my heart troubled me a great deal. I had pain in my left arm and shoulder, had difficulty in sleeping on my left side, had frequent smothering spells and my heart would flutter and palpitate. I could eat scarcely any kind of food without suffering great distress, and was so restless and nervous that I slept little night or day. Now I am never bothered with my heart, my nerves are steady as a die, I sleep well, eat well and weigh 163 pounds. I am happy and am trying to make back the money I spent for doctors who did me no good while I was ill." — T. R. CRAWFORD, Center, Texas.

THAT HUNT.

Messrs. G. H. Watts, J. W. Daugherty and Thos. Duvall, of the Prudential Life Insurance Co., went to Lexington on Friday last, and, together with Superintendent Adams and the corps of Lexington Scouts of that company, went on their annual rabbit hunt at Fingers Gap, Scott county. It was a regular "daisy," it was. If you want to know anything about it just ask Tom Duvall or John Daugherty—they know. As for Watts, "he's shy" on the subject.

THAT BLIZZARD.

On Monday evening at 7 o'clock the thermometer stood at 70 degrees. We weather clerk said that there would be a big snow by Tuesday morning taking the mercury down to about 15 degrees. But when that time arrived, the ice man gave him the ha! ha! as the mercury had refused to slump that much. Whereat we the clerk aforesaid took another squint at his records and "smole a ghastly snarl," but said nothing. About noon of Tuesday old borens got in his work, and when he got through with this part of the terrestrial ball Buffalo and Bearskin overcoats were in demand, and ye young fellow who had his outer-wrap in sock, though "degowned" right loud. Big fires and stick-closets—then was the order of the day when Thursday morning brought the record to 16 degrees above zero. Phew!

Mr. Joel Tracy is adding to and improving his house.

THEY SAY.

A LITTLE LOSS

Of flesh and strength, little bark—constitute cough and a little pain in the chest may not mean galloping consumption, but they are signs that prudence will not neglect. A few doses of Allen's Lung Balsam cause a free discharge of mucus and so loosen the cough. It heats the inflamed air passages and all its benumbing work is accomplished without a grain of opium.

STAMPING GROUND.

We are sorry to report that Mr. J. W. Bond is quite sick.

There will be a Thanksgiving service at the Baptist Church on Thursday, November 26.

Mr. G. W. Sharp sold his house and lot at the west end of town, to Mr. B. R. Jones for \$25 cash.

There were four additions to the Baptist Church, by letter, on Sunday: Mr. Reuben Bourne and wife, and Mr. Allen Robinson and wife.

A handsome concrete walk has been put down by Hickey Bros. in front of their property.

The contract to rebuild Squire S. B. Triplett's house (destroyed by fire last summer) has been let to Messrs. W. A. Roland and J. S. Perry.

Unfavorable news has been, we regret to say, received from the Sanatorium, at Louisville, as to the condition of Mrs. J. G. Blanton.

The Baptist Ladies Aid Society will give an oyster supper at the Town Hall on the evening of Wednesday, November 25. Everybody expected to come and have a nice time.

Mr. J. W. Robinson sold 90 acres of his farm, lying on the French Crossings pike, to Mr. Frank Hall, and the remaining 40 acres to Mr. D. C. Robinson, at \$80 per acre. Pretty good prices.

The Reynolds block, containing three brick store rooms, has been purchased for use as a distillery warehouse by Messrs. Haynes & Trundle, of the Buffalo Springs Distillery, No. 105. The whisky made this season will be stored in these buildings.

The farmers wives having turkeys to sell are wearing broad smiles. The buyers of these fowls are offering 10 and 12½ cents per pound for them on foot for shipment east. Town folks hereabouts will have to break their chops and live on hog and hominy.

THE STROUSE MEETING.

Rev. C. B. Strouse commenced his return protracted meeting at the Opera House on Sunday afternoon, at 3 o'clock, by an address to men only. There was a large audience present, and Mr. Strouse strongly urged the absolute necessity for clean and pure living among men.

The meetings, owing to the engagement of the Opera House for other entertainments, have been compelled to be shifted from place to place (viz: The Southern Presbyterian Church, the Methodist Church, and the Episcopal Parish House). Notwithstanding this, the attendance has been large, and the interest has deepened.

Many persons have expressed a determination to lead a better life, and large numbers have arisen for the prayers of the minister and his co-workers.

The addresses have been earnest and solemn, and it is hoped that much good has been accomplished.

SLIGHT SNOW.

About 6:30 o'clock, on Friday night, there was a slight fall of snow. According to the old saw, we will have thirteen snows this winter.

Proverbs

"When the butter won't come put a penny in the churn," is an old time dairy proverb. It often seems to work though no one has ever told why.

When mothers are worried because the children do not gain strength and flesh we say give them Scott's Emulsion.

It is like the penny in the milk because it works and because there is something astonishing about it.

Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.

Children take to it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

We will send you the penny, i. e., a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

We are glad to hear that Miss Fannie Johnson, of Stoney Creek, is better.

Mrs. Cordie Green, of Graffensburg, and Mrs. Effie Lillis and daughters, of Clay Village, visited Mrs. Bettie Semones last week.

A little girl was out driving last week, and seeing a cow with a bell on, she asked her mother if the bell was worn to keep the cow from jumping. Quite a joke, isn't it.

The Mt. Carmel entertainment was quite a success. The money that was made will go for the benefit of the school building, the seats are already condemned.

IN CASE OF ACCIDENT.

Accidents will happen. Mother strains her back lifting a sofa. Father is hurt in the shop. Children are forever falling and bruising themselves. There is no preventing these things, but their worst consequences are averted with Perry Davis' Painkiller. No other remedy approaches it for the relief of sore, strained muscles. There is but one Painkiller, Perry Davis'.

THE INAUGURATION - MAYOR'S INVITATION.

Frankfort, Ky., Nov. 18, 1903. To the Citizens of Kentucky:

The inauguration of J. C. W. Beckham as Governor of Kentucky for the ensuing term will take place at Frankfort, Ky., on Tuesday, December 8, 1903. Committees of citizens of Frankfort have been appointed, and it is the intention of the people of Frankfort to make the day worthy of the occasion; and it is, therefore, desired that the people of Kentucky shall unite in the ceremonies incident, and this committee, on behalf of the people of Frankfort, cordially invite every one who can possibly do so to visit Frankfort on that day and participate; and let us all, as lovers of our good old State, say: "God speed to him whom the people have selected as their Chief Executive for the next four years."

KEEPS STATE HOUSE.

Something About Coleman Carr, the Janitor in Charge.

This is not a character sketch nor a funny anecdote, but a simple statement of fact made in the hope of helping some fellowman. Coleman Carr, Janitor at the State House, residence 441 Main St., says: "I received great benefit from the use of Doan's Kidney Pills. For a long time I was embarrassed during the day and annoyed at night by the too frequent action of the kidney secretions. The doctor pronounced my trouble diabetes, and although they treated me I was unable to get permanent relief. By a friend I was induced to try Doan's Kidney Pills and got a box at J. W. Gayle's drug store. On taking them only a short time I felt great improvement, and finally the whole trouble was removed. I also used Doan's Ointment for eczema which I had for a long time on one of my legs about the shin. The constant irritation at times most drove me wild. Despite the use of preparation after preparation nothing helped me until by good fortune I heard of Doan's Ointment and procured a box. This remedy gave me quick and positive relief, and proved satisfactory in every respect."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no other.

A STARTLING TEST.

To save a life, Dr. T. C. Merritt, of No. Mohogony, Pa., made a startling cure. He writes, "A patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at all druggists.

THE FORESTRY EXHIBIT

From Kentucky Will Occupy a
Most Prominent Place

AT THE ST. LOUIS EXPOSITION

Assigned Space Near Center of Forestry
Building and on Two of the
Main Aisles—Chairman Struck
Issues Instructions For Preparation
of Samples of Logs, Boards, Etc.,
For the Exhibit.

On two of the main aisles and al-
most in the center of the Forestry and
Fish and Game Building at the
World's Fair in St. Louis next year
will stand Kentucky's display of her
wonderful forest resources and lumber
increase. This space has just been
assigned to the Kentucky Ex-
hibit Association by Mr. Tarleton H.
Bean, the chief of the Department of
Forestry of the Exposition. As is
readily seen, the forestry display from
this commonwealth will occupy an
enviable position, and it behooves
those interested to make the display
one worthy of the space given it. To
this end Mr. A. N. Struck, Chairman
of the Forestry Exhibit Committee of
the Exhibit Association, and Mr. Wil-
liam Bon, Field Representative, are
laying their plans.

Chairman Struck has just issued a
circular, giving instructions to the log-
ging camps, planing mills and forestry
industries of the State, as to how they
can best assist him in making the
display a success. Logs cut eight feet
in length are to be shown. This length
has been decided on so the samples

that many more lumber firms and cor-
porations and manufacturers will sub-
scribe to the fund being raised to de-
fray the expense of the forestry ex-
hibit, along with the erection of the
Kentucky Building and the exhibits to
be made in other departments of the
exposition. The contributions thus far
received range from \$25 to \$100.

WILL STUDY THE WORLD'S FAIR.

Prominent West Virginia Educator Re-
quests Teachers to be Posted
on the Exposition.

Hon. Thomas C. Miller, state super-
intendent of the public schools of
West Virginia, has made the World's
Fair of 1903 a feature of every teach-
er's institute held in the state during
the summer of 1903. Institutes are
being held in every county and Mr.
Miller has caused one afternoon in
each week that the institute is in ses-
sion to be devoted to a study of the
World's Fair.

The following is the subject as out-
lined by Mr. Miller for study and dis-
cussion:

"The Louisiana Purchase Expon-
sion."

"The Site."

"Plan of the Grounds."

"The West Virginia Building."

"How Shall West Virginia be Rep-
resented Educationally."

As soon as the West Virginia school
teachers saw the institute program
many of them addressed letters to the
Publicity Bureau of the Exposition and
received literature which furnished
this required information. The school
teachers of the state are becoming
fully informed upon the World's Fair
and great talks will be given on the
Exposition at certain hours during the
school year.

Some of the leading educational in-
stitutions of the country advertise, as
a part of the course, a systematic
study of the World's Fair.

THE BEST REMEDY FOR CROUP.

(From the Atchison, Kan., Daily
Globe.)

This is the season when the
women who know the best reme-
dies for croup are in demand in
every neighborhood. One of the
most terrible things in the world
is to be awakened in the middle of
the night by a whoop from one of
the children. The croup remedies
are almost as sure to be lost, in
case of croup, as a revolver is sure
to be lost in case of burglars.
There used to be an old-fashioned
remedy for croup, known as hive
syrup and tolu, but some modern
mothers say that Chamberlain's
Cough Remedy is better, and does
not cost so much. It causes the
patient to "throw up the phlegm"
quicker, and gives relief in a
shorter time. Give this remedy
as soon as the croupy cough ap-
pears and it will prevent the at-
tack. It never fails and is pleas-
ant and safe to take. For sale by
all druggists.

A WOMAN'S COMPLEXION.

It is rank foolishness to attempt
to remove sallowness or greyness
of the skin by the use of cosmetics
or "local" treatments, as ad-
vised by the "beauty" doctors. The
only safe and sure way that a
woman can improve her complex-
ion is by purifying and correcting
the blood, which can only be ac-
complished by keeping the liver
healthy and active. The liver is
the seat of disease and blood poi-
soning. Green's August Flower acts
directly on the liver, cleanses and
purifies the blood, purifies the
complexion. It also cures consti-
pation, biliousness, nervousness,
and induces refreshing sleep. A
single bottle of August Flower has
been known to cure the most pro-
nounced and distressing cases of
dyspepsia and indigestion. New
trial size bottle, 25 cents; regular
size, 50 cents. At all druggists, 15.

A GOOD NAME.

From personal experience I tes-
tify that DeWitt's Little Early
Risers are unequalled as a liver

cause they give strength and en-
ergy and do their work with ease.

sands of people are using these
tiny little pills in preference to
all others, because they are so
pleasant and effective. They
cure biliousness, torpid liver,
jaundice, sick headache, consti-
pation, etc. They do not purge
and weaken, but cleanse and
strengthen. Sold by J.W. Gayle.

BRIFFITH IN "MACBETH."

"Macbeth" appears to have been one of the latest, as it is one of the greatest, of Shakespeare's dramatic achievements. It is believed to have been written and first performed some time between the years 1603 and 1610. The traditions on which the play is founded, are related by Holingshead in his "Chronicles," first published in London, 1577; and also by George Buchanan, in his Latin "History of Scotland." Not only the historical outline, but the principal incidents of the drama, may be found in the works of these writers. The prophecy of Macbeth's destiny and that of Banquo's issue, the interview between Macduff and Malcolm, and the influence of Macbeth's wife, whom Holingshead describes as "burning with unquenchable desire to bear the name of a queen," have all a legendary or semi-historical foundation in truth.

There is reason to believe that "Macbeth" was often represented with success at the Globe during the lifetime of the author; and that Burbage, who was the most distinguished tragedian of the day, was in the habit of personating the hero. The tragedy had been banished from the stage, however, some time, when in 1672 Sir William Davenant produced a version of it at the Duke's Theatre, "with alterations, amendments, additions and new songs."

To Garrick belongs the merit of restoring to the stage the original "Macbeth," and the present acting version is that which he prepared, and which was afterwards improved by Philip Kemble. The language, except in one or two of the choruses, is almost exclusively that of Shakespeare. There are more of the elements of the sublime, as it seems to us, in this character, than in any other known to the drama; and this, perhaps, is the reason why it is so rarely embodied to the satisfaction of a judicious audience.

John Griffith, who is to play Macbeth in this city, is probably the best of all the representatives of the character. From the first scene, in which he is accosted by the witches, to the last desperate encounter with Macduff, he is said to be animated, consistent and impressive.

VERSATILE MISS OTIS.

Miss Elita Proctor Otis is the next in line of the women stars to go out under the management of George H. Brennan in Ibsen plays this season. This manager already has Miss Mary Shaw and Miss Albee, both of whom in two productions of "Ghosts," and is contemplating a fourth Ibsen production, "Hedda Gabler," has been selected for Miss Otis's stellar vehicle because of all the Ibsen dramas it lends itself to her extraordinary faculty of portraying the adventures type.

Hedda is a married woman, a profligate at heart, but seared into virtue by fear of Mrs. Grundy. The reappearance of her former sweetheart, availing no, noble emotions in her breast—simply a tigerish desire to ruin him and the new love he has found. With a sure touch, a masterly hand, Ibsen carries forward Hedda's life-history to its tragic denouement—a climax as thrilling as it is unexpected. The best proof of "Hedda Gabler's" power is that it has served Duse, the great Italian, for one of her strongest creations. Ignorant as many Americans are of the play, it is nevertheless, the standard of emotional drama, of fine and resolute acting, in Berlin, Vienna, Copenhagen and Stockholm.

Manager George H. Brennan has mapped out for Miss Otis a tour beginning in Wilmington, Del., on November 23. The more important cities of Ohio, West Virginia, Indiana and Kentucky will be played, after which an extended run in Chicago, is planned. Miss Otis will be supported by a strong company, several of which have already been identified with other Ibsen productions. The scenery and properties will realize the Viking environment of the play.

It may be added regarding Miss Otis that she is one of the most versatile women in the United States. Society woman, journalist and dramatic star, she has won distinction in these different spheres. Her Nancy Sikes in "Oliver Twist" is remembered as a tremendous feat of realism, while her work in "The Crust of Society," a social drama of much vogue a few years back, is said to have been equally good in another line. To the role of the worldly-wise Hedda Gabler she brings abilities and accomplishments rarely matched.

WORLD'S FAIR NEWS.

—Miss Mary Peckinbaugh, of Peckinbaugh, Ky., is exhibit some of her handsome embroidery at the World's Fair.

—An interesting exhibit of cotton is to be made from Kentucky at the St. Louis Exposition. It has been gathered by H. M. Kearney and Clerk S. D. Laten, of the Fulton county. Samples of this product will be shown from the earliest period to the stage after picking.

—Exceptionally fine specimens of minerals are already reaching the storage warehouse of the Kentucky Exhibit Association in Louisville for the exhibit at St. Louis next year. Among the shipments received are two barrels of coke from Bell coal, from Crittenden county, Ky. The coal was sent to the Ashland Iron & Mining Co., at Ashland, and there, except Judge T. T. Gardner and Editor Tom Pettit of Bardwell have sent in a box containing various minerals from Carter county, which are being analyzed and assayed at the State College at Lexington.

Latest Information as to Kentucky's Part in the Great Exposition.

—In Kentucky's fruit at the St. Louis Exposition next year, there will probably be sent bunches of grapes grown from the seed which came from the city of Jerusalem, and which was supposed to be of the same variety as those found by the spies of Moses. Mr. M. F. Johnson of Louisville received a seed from the grape mentioned, it being brought in by a friend from the Holy City, and planted it in Louisville soil. It grew and bore fruit. The grape is called the "Knicht Templar," and is a medium size, reddish color, thin skin and sweet.

FREE RECLINING CHAIR CARS.

"The Henderson Route"—Always First.

Louisville, Ky., Oct. 23, 1903. The traveling public will be pleased to learn of the latest innovation in the way of comfort in travel for its patrons which is now being offered by that most popular railroad line, the "Henderson Route." This road has been rightly termed the "Kentuckian's Official Route to the West and Southwest."

It has just been announced from the general offices of the Louisville, Henderson & St. Louis Railway that they now have in service on their night trains between Louisville and St. Louis, Free Reclining Chair Cars, which have just been received from the shops and are a revelation to the car builder's art.

The cars are strictly up-to-date, first-class "palaces of travel" on wheels, and this is only one of the many surprises which are promised the public for the World's Fair travel by the Henderson Route.

Among other advantages offered in these highly finished cars, a few of the most important points only are mentioned:

They are solidly vestibuled and are furnished with sixty-four reclining chairs, which are upholstered in beautiful green plush, in addition smoking and toilet rooms, the smoking rooms being finished throughout in leather. They are also fitted up with trape trucks, which feature will do away with the jerk, jar and strain incident to travel in the ordinary railway coach, and insures a smooth, comfortable ride. This should prove more than a popular feature in train service to the traveling public, and we can only suggest that in traveling you "get the Henderson Route habit."

PUPKS MADE BIG MAP

California Stud n'ts Show Interesting World's Fair Exhibit.

COUNTY DONE IN PAPER MACHE

One California County Raises a World's Fair Fund of \$20,000 and Devotes \$2,000 to Showing Her Educational and Social Advantages.

Alameda county, California, will make an exhibit at the World's Fair that will be a credit to many a state. The supervisors of that county have appropriated about \$20,000 for the purpose, and of this amount \$2,000 will be used in making the educational exhibit. F. O. Crawford, superintendent of schools in Alameda county, will have charge of the exhibit, and he will personally conduct the installation and will remain in charge during the exposition.

Alameda county is an irregularly shaped tract, comprising about 1,200 square miles, being about the size of Rhode Island, and with a population of 160,000. It is in the extreme western part of California, and San Francisco bay forms part of its western boundary. The assessed valuation of the property of the county is \$100,000,000, and the school fund raised last year was \$628,000.

One of the striking features of Alameda county's educational exhibit will be a papier mache relief map of the county, 14x20 feet, made by the pupils of the public schools. The map will be carefully compared by the county relief engineer, and at the close of the Fair will be returned to Oakland, the county seat, where it will be placed in the rooms of the county supervisor and kept as the official map of the county. The map will be inclined against the wall and every inch and valley will be developed. The highest part of the map will be about 14 inches above the sea level. Every railroad and public road in the county will be shown. Every schoolhouse, every public building, each township and city and village will be shown, and a perfect scale maintained. The school children will do the actual work of forming the map, but the coloring will be left to the county surveyor. The site of each schoolhouse will be marked by a small photograph of the school building that occupies it. Larger photographs showing the buildings in detail, will be contained in books, with those who care to see may have access.

Another feature of interest will be the series of reproductions of Alameda county school rooms. Mr. Crawford obtained floor space in the Education Palace for this exhibit and will build a room 30x40 feet. At one time it will be fitted up to represent the Kindergarten room in a particular Alameda county school. The identical furniture will be installed, the maps and charts from the walls taken from their places and placed in the World's Fair school room. In fact it will be a perfect reproduction, so that one may see exactly what a certain room in Alameda county, California, is. The furniture and decorations will be changed at intervals and during the Exposition a type of every school in the county will be shown. Specimens of the work from all the schools will also be shown.

In Alameda is situated the University of California, at Berkeley, the largest in the state, with 3,000 students. St. Mary's Catholic College, and Mills College for Young Ladies, are all important institutions, and it is expected that each will make individual exhibits.

Alameda county is proud of her school system. The buildings are all up-to-date, and many of the county schools were erected at a cost of \$15,000 to \$20,000 each.
